What? No printed program??

We are sorry for any inconvenience, but we have decided not to print physical event programs this year. RinCon 2016 marks the second year of our green initiative, where we have decided to make our event program digital and help prevent the waste of ink and paper. We want to thank all of our advertisers, vendors, sponsors, guests, and attendees for their understanding and encouragement as we take this small step toward environmental sustainability. Thank you!!

RinCon 2016 Photo Scavenger Hunt

Gadzooks! A dastardly villain has stolen the Clockwork Meeple, symbol of fair play and steampunk sensibilities. Your task is to gather evidence and bring us images of yourself and/or a Meeple that depict the following. Show them to any RinCon staff member when you've gotten as many as you can. Each photo counts only once. Have fun, be creative, but be considerate of others, don't engage in any property damage or move hotel fixtures, oh and no photos unfit for my great-aunt Bessie, please. Thanks, kindly.

GET YOUR LIST FROM THE REGISTRATION DESK TO PARTICIPATE!

Attention RPG Players!

This year, RinCon has changed to a muster system for RPG events! This means that, instead of going directly to your table for a game, you will go to a station in the hall outside Pima/Sage rooms 15 minutes before the start of the event. The GM will meet you there and call the names from the sign-up roster, starting with individuals signed up in the original slots, and then going down to the waitlist of those who are not present. If the game isn't full after this, anyone may join in the game, if you didn't make it into the session you were hoping for, wait for a few minutes in the muster area, there may be another game that needs an extra player! Here are the rules:

- Muster begins at 15 minutes prior to the block
- Full games will head to their tables at 5 minutes before the block
- People without games and GMs with fewer than their full allotment of players will identify themselves and be matched up
- All GMs and players will head to their table by exactly the beginning of the block
- Seats will not be saved for any game past the beginning of the block

ANDY LOONEY- LOONEY LABS Andy is the Chief Creative Officer for Looney Labs, and is the designer of numerous games including Fluxx, Chrononauts, Aquarius, Just Deserts, and the Looney Pyramids game system. Andy is also a writer, a photographer, a cartoonist, a blogger, and a marijuana-legalization advocate. Andy lives with his wife Kristin (and their house elf Laurie) somewhere near Washington DC. He's a Hippie, a Trekkie, and a Geek. He's been an Eagle Scout and a NASA engineer, he's gotten patents and won awards, he's written a novel, he designed and coded a videogame, and he once watched as his software was launched into space. Andy loves cake.

BEN WOERNER—WOERNER'S WUNDERWERKS

Ben, by day, is a mild-mannered husband, father, and marketing manager for his family's business. By night he's a game designer. Having run games for over a quarter century he finally began to design them. In August of 2014, he published World of Dew, a samurai noir roleplaying game and sequel to John Wick's Blood & Honor. This year he released the first supplement to World of Dew, The Sound of Water. He's also written for John Wick Presents in Blood & Honor and Wield, as well writing for Call of Cthulhu, Curse of the Yellow Sign, and the popular Baby Bestiary.

DAVID SHORT—BOARD GAME FIEND & DESIGNER

resides in Tucson with his wife, Eileen, and their two children. He's loved board games his entire life, and started designing them in 2008. In 2012, his first game was published - the successful worker placement euro Ground Floor. Since then he has had five more games published. In 2016, he has five more games slated for publication. He hopes his games are a great excuse to gather friends and family around the table for an enjoyable time.

**GENTLEMAN ROBOT & LADY PEPPER—
WILD WEST STEAMPUNK**

The Gentleman Robot and Lady Pepper (AKA John and Sabrina Floyd) fell into Steampunk in 2010. Since discovering the art and their alter egos, it's been a wild ride! They are co-founding members of Huachuca Mountain Steampunk in Sierra Vista, AZ, board members for the Tucson Steampunk Society, and part of The Foundry.

DR. LANCE GHARAVI

Dr. Lance Gharavi is a Phoenix-based experimental artist and scholar, Associate Professor, and Artistic Director of Theatre in the School of Film, Dance and Theatre at Arizona State University. His work focuses on intersections of performance with science, technology, and religion. Sometimes all of them together. He is the director of the recent smash hit *She Kills Monsters*.

JAMES ERNEST—CHEAPASS GAMES

James Ernest is a famous tabletop game designer, so you should talk to him about hockey, deep sea diving, glucocorticoids in perinatal medicine, and whether anyone actually reads these bios.

JOHN WICK— JOHN WICK PRESENTS

John Wick designs games. He also writes short stories, novels, scripts and plays, but mostly, John Wick designs games. He wrote the first edition of the *Legend of the Five Rings* RPG, *7th Sea*, *Orkworld*, *Houses of the Blooded*, *Wicked Fantasy* and *Galaxy XXX*. He is also the author of *Play Dirty 1* and *Play Dirty 2*, the most dastardly, underhanded, devious and dangerous GM advice books ever written. He collects orks.

MADAME ASKEW— LADY-IN-WAITING FASHIONS

Jocelynne Weathers aka Madame Askew – is the owner of the *Lady-In-Waiting Fashions*, a custom costuming business, the *Director of Tea for the Wild, Wild West Steampunk Convention*, and one of the organizers of the *Tucson Steampunk Society*. As *Madam Askew*, she is best known for her love of *Darjeeling*, her ridiculous headgear, and propensity to show up at tea duels across time and space.

MARK MCLEMORE-
PRODUCER / HOST OF ARIZONA SPOTLIGHT

An old-school gamer who was swept up in the D&D craze of the late 70s, but hasn't played much since the late 80s. Also an avid classic gamer and collector. I love science fiction and fantasy fiction, movies, and games for their big ideas, great escapism from reality, and evil gazebos that go bump in the night!

ROSS WATSON—DESIGNER

Ross is an award-winning game designer with more than 50 credited titles, including work as Lead Developer for the Warhammer 40K Roleplay line and on the Accursed setting for Savage Worlds, design work on Star Wars: Edge of the Empire, Shadowrun 5th Edition, and more. He is the host and producer of the Gamer's Tavern podcast, and he is the Managing Director for Evil Beagle Games, publishers of the Shaintar setting for Savage Worlds. He also wrote the storylines for the video games Darksiders II and Warhammer 40K: Regicide.

SEAN PATRICK FANNON—
PINNACLE ENTERTAINMENT GROUP

(aka "Big Irish" or SPF) has been professionally involved in tabletop RPGs, computer games, and entertainment for over a quarter-century. His dozens of projects have included Hero Games' Champions product line; both West End's and Fantasy Flight's Star Wars RPGs; various World of Darkness books; and the Savage Worlds Epic High Fantasy setting, Shaintar.

SETH JAFFEE—TASTY MINSTREL GAMES

Seth Jaffee is a published game designer and developer, but is probably best known for his affiliation with Michael Mindes and Tasty Minstrel Games. Seth was a behind the scenes supporter of TMG from the beginning and is now an official member of the TMG team, discovering games, developing them, and helping to usher them through the production process. Seth's first published title was Terra Prime, a somewhat obscure but solid euro style game. His best known title is Eminent Domain. Seth has also done extensive development work on many TMG titles.

Steampunk Murder Mystery

Saturday 7:00P - 11:00P

The year is 1857 and steam power rules, from the upper echelons of society to the gutters of London's Old Town. Here in the countryside sits Harrison House, a humble estate with a staff of just 20 servants. Harrison House is home to widow Lady Steeles, her daughter Evangeline, servants and, from time to time, friends and passers-by. Tonight was to be a festive celebration in honour of both of Lady Evangeline Steeles' 21st birthday and also her engagement to Mr. Bartholemew Payne. A mysterious and priceless gift is delivered to Lady Evangeline – one that carries a dark and powerful secret. But when Mr. Payne is found dead at the bottom of a cliff, the celebration quickly turns into a murder investigation! Who pushed him? Where is the legendary Moonstone? With a cast of characters and lore only found in the Steampunk universe, this mystery is sure to end up hotly debated by suspects and guests alike.

Andy vs. Everybody

Saturday 4:00P - 6:00P

Andy Looney loves playing multiple games simultaneously. He's been known to play against dozens of people at once, in more than 10 separate games! It's great fun watching him run from one table to the next, taking his turns as fast as he can! How many people can Andy take on at once at your con? Challenge him to Fluxx (any version), one of Andy's favorite pyramid games (ask to see a menu) or some other Looney Labs game (like Chrononauts, Aquarius, or Seven Dragons). Prototypes from Andy's Playtest Workshop are also on the table!

Mesa Room, All Weekend, Hourly.

Artemis is back with an all-new crew! Come fly your own star ship!! Artemis simulates a spaceship bridge by networking several computers together. One computer runs the simulation and the "main screen" while the others serve as workstations for the normal jobs a bridge officer might do, like Helm, Communication, Engineering, and Weapon Control. Artemis is a social game where several players are together in one room ("bridge") and while they all work together, one player plays the Captain, a person who sits in the middle, doesn't have a workstation, and instructs the rest of the crew.
